Science	[ Animals including Humans ]	[ Rocks; Fossils; Soils]	[Plants]
	This project teaches children about the importance of	This teaches children about different rock formations.	This project teaches children about the requirements
	nutrition for humans and other animals. They learn about the role of a skeleton and muscles and identify animals with different types of skeleton.	[ Forces and Magnets] This project teaches children about contact and noncontact forces, including friction and magnetism. They investigate magnets and magnetic materials, exploring how they behave in relation to their poles.	of plants for growth and survival. They describe the parts of flowering plants and relate structure to function, including the roots and stem for transporting water and the flower for reproduction.  [Light]  This project teaches children about light and dark. They investigate the phenomena of reflections and shadows, looking for patterns in collected data. The risks associated with looking at the Sun are also explored.

Art and Design	[Contrast and Complement (Y3)] - Colour theory; Colour wheel; Tertiary colours; Warm and cool colours; Complementary colours; Analogous colours. This project teaches children about colour theory by studying the colour wheel and colour mixing. It includes an exploration of tertiary colours, warm and cool colours, complementary colours and analogous colours, and how artists use colour in their artwork.	[Ammonite] – Sculpture. This project teaches children about artistic techniques used in sketching, printmaking and sculpture.	[Beautiful Botanicals] - This project teaches children about the genre of botanical art. They create natural weavings, two-colour prints and beautiful and detailed botanical paintings of fruit.  [Mosaic Masters] - History of mosaics; Sketching; Mosaics. This project teaches children about the history of mosaics, before focusing on the colours,

	[Prehistoric Pots] - Significant people — Bell Beaker culture; Sketching; Clay techniques; Making Bell Beaker-style pots. This project teaches children about Bell Beaker pottery. It allows the children to explore different clay techniques, which they use to make and decorate a Bell Beaker-style pot.		patterns and themes found in Roman mosaic. The children learn techniques to help them design and make a mosaic border tile.	
Design and Technology	[Cook Well, Eatwell] - This project teaches children about food groups and the Eatwell guide. They learn about methods of cooking and explore these by cooking potatoes and ratatouille. The children choose and make a taco filling according to specific design criteria.	[Making It Move] - This project teaches children about cam mechanisms. They experiment with different shaped cams before designing, making and evaluating a child's automaton toy.	[Greenhouse] - This project teaches children about structures and frameworks. They make minigreenhouse prototypes using strengthening, finishing and joining techniques	
Geography	Human features; Stone Age monuments.  [One Planet, Our World] - Maps; Locating countries; Human and physical features; Four-figure grid references; Primary data; Compass points; Earth's layers; Plate tectonics; Latitude and longitude; European countries and cities; UK counties and cities; Carbon footprints; Weather and the local environment; Land use; Fieldwork; Local enquiry. This essential skills and knowledge project teaches children to locate countries and cities, and use grid references, compass points and latitude and longitude. They learn about the layers of the Earth and plate tectonics and discover the five major	Layers of the Earth; Rocks; Plate tectonics; Ring of Fire; Features of volcanoes; Lines of latitude and longitude; Volcanic eruptions; Earthquakes and tsunamis; Compass points; Maps. Music	[Let Your Spirit Fly] This is a six-week Unit of Work.  All the learning is focused around one song: Let Your Spirit Fly. The material presents an integrated approach to music where games, the dimensions of music (pulse, rhythm, pitch etc.), singing and playing instruments are all linked.  [Glockenspiel Level 1] This is a six-week Unit of Work that introduces the children to learning about the	[Three Little Birds] This is a six-week Unit of Work. All the learning is focused around one song: Three Little Birds. The material presents an integrated approach to music where games, elements of music (pulse, rhythm, pitch etc.), singing and playing instruments are all linked. As well as learning to sing, play, improvise and compose with this song, children will listen and appraise other Reggae songs.	[Bringing us together] This is a six-week Unit of Work. All the learning in this unit is focused around one song: Bringing Us Together - a Disco song about friendship, peace, hope and unity  [Reflect, Rewind and Replay] This Unit of Work consolidates the learning that has occurred during the year. All the learning is focused around revisiting	
	language of music through playing the glockenspiel. The learning is focused around exploring and developing playing skills through the glockenspiel or if you have previous knowledge, the recorder.	[The Dragon Song] This is a six-week Unit of Work. All the learning in this unit is focused around one song: The Dragon Song. Using your imagination and	songs and musical activities, a context for the History of Music and the beginnings of the Language of Music.
