

Aspect	EYFS	KS1		Lower KS2		Upper KS2	
	Reception	Y1	Y2	Y3	Y4	Y5	Y6
Identifying and naming	I can comment on the weather in my local environment. I know what season we are in currently.	Name a range of different types of weather from pictures or sounds. I can name the 4 seasons and match them to the weather					
Effects of weather	I can comment whether it is hot or cold in different seasons	Describe some positive and negative effects of the weather for ourselves and our environment.					
Recording the weather	I can observe the weather daily through conversation	Observe and record the daily weather on a chart or in a table.					
The seasons	I can observe how the weather changes in different seasons	Broadly assign different weather types to seasons. Observe and know about the changes in the seasons.					
Day length	I know it is darker earlier in winter.	Describe how day length changes over a year, from experiences and know how it affects their lives.
