Daily Reads	Land of Roar  When the sky falls 	The book of stolen dreams  Land of Roar 	The boy at the back of the class  Great Dream Robbery 
Poetry Reads	Michael Rosen's A to Z 	Poem for every day of the year 	Poem for every day of the year 
Reading	Secrets of a Sun King and Non Fiction texts     Vocabulary Retrieval Inference Explain Prediction	King of the Cloud Forests and Non Fiction texts     Vocabulary Retrieval Inference Explain Prediction	Beowulf and Non Fiction texts.     Vocabulary Retrieval Inference Explain Prediction
Maths	Power Maths Unit 1: Place Value Unit 2: Place value Unit 3: Addition and Subtraction Unit 4: Area Unit 5 (Started): Multiplication and Division	Power Maths Unit 5 (Continued) : Multiplication and Division Unit 6: Multiplication and Divisions Unit 7: Perimeter Unit 8: Fractions Unit 9: Fractions Unit 10: Decimals	Power Maths Unit 11: Decimals Unit 12: Money Unit 13: Time Unit 14: Statistics Unit 15: Geometry - angles and 2D shapes Unit 16: Geometry - position and direction

Science	 Electricity This project teaches children about electrical appliances and safety. They construct simple series circuits and name their parts and functions, including switches, wires and cells. They investigate electrical conductors and insulators and identify common features of conductors.  Animals, including humans This project teaches children about the human digestive system. They explore the main parts, starting with the mouth and teeth, identifying teeth types and their functions. They link this learning to animals' diets and construct food chains to show the flow of energy.	 Sound This project teaches children about sound and how sounds are made and travel as vibrations through a medium to the ear. They learn about pitch and volume and find out how both can be changed  States of Matter This project teaches children about solids, liquids and gases and their characteristic features. They observe how materials change state as they are heated and cooled, and learn key terminology associated with these processes.	 Living Things and their Habitat This project teaches children about the grouping of living things, known as classification. They study local and wider habitats and use classification keys to identify living things. Children also learn about the impact of human influences on habitats and their living things.
Computing	Unit 1: Computing systems and networks – The Internet Unit 2: Creating Media – Audio Production 	Unit 3: Programming A – Repetition in shapes Unit 4: Data and information – Data logging 	Unit 5: Creating media – Photo editing Unit 6: Programming B – Repetition in games 

YEAR 4 CURRICULUM OVERVIEW (LTP) (Class 9 and 10)

Charnock Hall Primary Academy
A L.E.A.D. Academy

Art and Design	Unit 1: Storytelling Through Drawing Unit 2: Exploring Pattern	Unit 3: The Art of Display Unit 4: Exploring Still Life	Unit 5: Sculpture, Structure, Inventiveness & Determination Unit 6: Festival Feasts
Design and Technology	Tomb Builders - Simple and compound machines. This project teaches children about simple machines, including wheels, axles, inclined planes, pulleys and levers, exploring how they helped ancient builders to lift and move heavy loads.	Functional and Fancy Fabrics - This project teaches children about home furnishings and the significant designer William Morris. They learn techniques for decorating fabric, including block printing, hemming and embroidery and use them to design and make a fabric sample.	Fresh Food, Good Food - Food preservation techniques; Exploring food packaging; Prototypes; Designing, making and packaging healthy snacks. This project teaches children about food decay and preservation. They discover key inventions in food preservation and packaging, then make examples. The children prepare, package and evaluate a healthy snack.
Geography	Ancient Civilisations - Locate countries using maps Life in Ancient Sumer city states City life in Egypt	Misty Mountain Windy River Rivers; Maps; Grid references; Contour lines; Physical processes – erosion, transportation and deposition; World rivers; Aerial images; Mountains; UK mountains; World mountains; Compass points; Water cycle; Altitudinal zones; Data analysis. This project teaches children about the characteristics and features of rivers and mountain ranges around the world, including a detailed exploration of the ecosystems and processes that shape them and the land around them.	Interconnected World - Compass points; Four and six-figure grid references; Tropics of Cancer and Capricorn; Countries, climate and culture of North and South America; Significant physical features of the UK; Renewable and non-renewable energy; National Rail network; UK canal network; Fieldwork; Local enquiry. This essential skills and knowledge project teaches children about compass points and four and six-figure grid references. They learn about the tropics and the countries, climates and culture of North and South America. Children identify physical features in the United Kingdom and learn about the National Rail and canal networks. They conduct an enquiry to
