

Hello Parents, Carers and children.

We hope you are well at this rather strange time for us all. We hope you are finding the packs useful to help keep your child's learning going, and keeping them occupied. We know you'll be doing your best with the packs so please don't worry about doing the activities the way school would do them. Any way of learning is learning!

For week 2 the following websites may of use as well the previous sites which were sent.

[www.oxfordowl.co.uk](http://www.oxfordowl.co.uk) – has lots of useful information for parents as well as over 100 free books to read through in their e-book library <https://www.oxfordowl.co.uk/for-home/find-a-book/library-page/>

<https://home.oxfordowl.co.uk/maths/learning-to-tell-the-time/> - as this is an important life skill.

<https://code.org/> - for computer coding. Click, Learn (Top left), Grade K-5 (click the grey box), then choose course A.

We have been doing this in school so the children should know how to use the site. The kids have LOVED it!!

<https://explorify.wellcome.ac.uk/activities> - for science activities. We haven't used it but we've seen it's free and looks good from the samples we've seen.

<https://themuddypuddleteacher.co.uk/> - for loads of fun outdoor activities to do in outdoor space and gardens.

Included in this week's pack (you can continue with anything not finished previously – we know we sent you lots to choose from) are activities to look at on screen, and write into your book as we appreciate not everyone has a printer at home.

Phonics Mats – Look at the instructions on the sheet. Read some words and write others in your book.

Reading Comprehensions – Read the text, then write your answers in your book. Some will be simple one word answers, others will be sentences. Remember to use this to practise your handwriting! The letter formation is in your Reading Record and you can watch how to form the letters here <https://www.teachhandwriting.co.uk/continuous-cursive-beginners-choice-3.html> This site also has worksheets that you 'could' use if you have access to a printer.

Remember to read as much as possible at home - this can be anything! Books, comics, recipes – anything!

Writing – we have given you some sentences to fix so children use your Doctor Sense head! You can of course do any writing at all that you would like to do. Maybe keep a diary of what you have been up to? Or write an adventure story with you as the main character, like Max in Where the Wild Things Are.

Maths – write out the number sequences and sentences in your book.

Daily schedule to help with routine, any order.

Mon – Fact family 2 pages, phonics mat 1, Goldilocks and three bears, Describe the monster (page 1)

Phonics lesson to watch, they'll need pen and paper to write. <https://www.youtube.com/watch?v=uJyGcNam8r0>

Tues – Tens and ones, phonics mat 2, read a book and talk about it. Fix the sentences 1 and 2.

Phonics lesson to watch. <https://www.youtube.com/watch?v=OZ6PJd5zA6k>

Weds – Tens and ones, phonics mat 3, How to look after a dog, Describe the monster (page 2)

Phonics lesson to watch. <https://www.youtube.com/watch?v=2s4FQ7cCURA>

Thurs – Fact family 2 pages, phonics mat 4, read a book and talk about it, Fix the sentences 3, 4 and 5.

Phonics lesson to watch. <https://www.youtube.com/watch?v=d38ED2Ya4wc>

Fri – Lily pads counting, phonics mat 5, The Zoo, Describe the monster (page 3)

Phonics lesson to watch. <https://www.youtube.com/watch?v=ktOVzwtO3ZM>
