

Y2 Curriculum Planning Document – W/C 4th May 2020

Mathematics

Mathematics

Please use the following White Rose resources which will focus on content that pupils would have experience in school during the Summer Term. This content that is covered links directly with our current mathematics scheme within school, Power Maths, just delivered in a different format.

Using this link - <https://whiterosemaths.com/homelearning/year-2/> please access the 'Week 2' tab to access the 5 different lessons for this upcoming week:

Lesson 1 – Recognising a third

Lesson 2 – Find a third

Lesson 3 – Unit fractions

Lesson 4 – Non-unit fractions

Lesson 5- Equivalence of a half and two quarters

There is a video for each lesson that children can watch prior to completing the downloadable activity. The independent activity and the answers are also located next to the video – please make sure that your child records their answers in their exercise book provided by school – **there is no need to print any resources!**

English (Reading, Writing and SPaG)

Talk for Writing Unit of Work (*The Magical Teaching Box*)

Please complete the rest of the activities in the booklet.

Each booklet contains a story and activities which are linked to it. Activities include spelling, grammar and writing for different purposes. We think your child will really enjoy this as it allows them to be creative!

You **do not need to print** the booklet as the activities can be completed in their exercise books. Please find the booklet uploaded to our school website under our class headings.

Have fun!

Phonics

We are pleased to let you know that your child can receive a daily phonics lesson whilst CHPA remains closed. Phonics is the way we teach children to recognise the sounds in words. It helps your child to learn to read and is an essential part of your child's education.

During the summer term, you will be able to access for your child a daily phonics lesson by clicking on Letters and Sounds for home and school. All lessons are introduced by celebrities, including children's TV presenters, which adds an exciting addition to the lessons.

There are three sets of daily lessons to choose from and we suggest your child starts with one set of lessons most suitable to their reading ability. If you're not sure which lessons your child should watch, please check your child's Home Learning Diary and look at the coloured book band your child is currently reading or send an email to your class teacher for further clarification.

11 am*	<u>Learning to blend</u> <u>Phase 2 recap</u>	For children who are reading a 'Pink' book.
10 am*	<u>Reception Summer term</u> <u>Phases 3 & 4</u>	For children who are reading a 'Red' or 'Yellow' book.
10:30 am*	<u>Year 1 Summer term</u> <u>Phase 5</u>	For children who are reading a 'Blue', 'Green', 'Orange' or above book.

You will find the lessons on the following link:

https://www.youtube.com/channel/UCP_FbjYUP_UtldV2K_-niWw/featured

After watching each lesson, we encourage you to read aloud to your child and if your child has reading books from school, listen to your child read.

Other Curriculum Areas

We have recommended 5 different activities to have a go at completing this week:

Science- Dead, Alive or Never Alive?

Pick three items. Draw them and identify if it is dead, alive or never alive. Then write some reasons how you can tell.

PSHE-Your family

Create a box which shows your family tree. It may contain memorabilia, artefacts and objects that tell us something about your family. Make it as colourful as you like!

Extension- You could create a fact file about a member of your family too.

Art –How to draw a hermit crab: <https://www.youtube.com/watch?v=g5GyJ5k4TAw>

Computing – Crustaceans

Use search engines to find out about crustaceans. You might choose a Tasmanian giant crab, the Japanese spider crab, the mantis shrimp, the coconut crab or the white clawed crayfish. Find out about what they eat, what they look like, and how they are adapted to their environment. You might make a poster with your findings or create a PowerPoint presentation.

PE – Fitter Future

This week we are challenging Year 2 to use Fitter Future: Get Active and Fitter Fitter: Get Mindful as a tool to help keep you physically and mentally active during this time.

To access the programme simply visit www.fitterfuture.com and select SIGN IN followed by STUDENT. Please use the below logins dependant on which year your child is in.

The platform is not designed for multi users with the same login details but due to the current situation it is easier to give every child in the school the same username and password rather than generate one per child which then needs emailing, by the school, to each parent individually.

With that in mind please can you, or your child not change the password.

Whilst the passwords will re-generate every couple of hours if you are struggling to sign into Fitter Future please sign up directly with them for a (free) account personalised to you by clicking here or visiting <https://www.fitterfuture.com/sign-up/> and selecting FAMILY

The log in details for Year 2 are:

Username	Password
year2	year2

Once you have logged on, you have access to a variety of different videos for being active and mindful. Along with this information, there is a Monday-Friday 'suggested' timetable which provides suggestions of videos you may want to try. It also provides skill challenges, game ideas, tips and tricks and fitness activities if you wish to go further which you can access via the YouTube links on the suggestions. To access them hold Ctrl and then click on the link.

If you do not have any of the resources available for the tips and tricks or game ideas, get adventurous and think of what you can use at home as a substitute.

We would love to see what you get up to and if you create or adapt any of the tips and tricks, challenges or game ideas. We might even give them a go ourselves and post the results up on our Facebook and Website!

If you have any questions, please email us via the emails sent on the Newsletter.

Feel free to send pictures of this week's home learning that your child has completed.

Miss Brooks– class5teacher@charnockhallacademy.co.uk

Miss Reid- class6teacher@charnockhallacademy.co.uk

We look forward to seeing your home learning!
