

## Mathematics

This week we are focussing on numbers to 20. We are doing a different number each day.

### Monday: Number 16

- Learn: all about the Number 16 (PDF)
- Activity: Draw circles on a piece of paper and put different coloured paints in shallow trays. Choose a number between 1 and 20. Dip your finger into paint and add that many petals to one of the circles, making a flower. Count the petals to check how many you have and write that number in the middle of the circle. Choose another number and do the same to another circle on your page. Fill up your page with colourful flowers, each with different amounts of petals.

### Tuesday: Number 17

- Learn: all about the Number 17 (PDF)
- Activity: Collect 20 leaves from your garden or a local park. Write the numbers 1-20, one on each leaf, using a thick marker pen. Use a hole punch to make a hole in either end of the leaves and then thread them onto a piece of string. Don't forget to put them in the correct order! You could then put up your homemade number line in your bedroom to help you remember the order of the numbers.

### Wednesday: Number 18

- Learn: all about the Number 18 (PDF)
- Activity: Write the numbers 0-20 on plastic building bricks. Make a tower of 21 bricks, seeing if you can put the numbers in the correct order. Start with 0 at the bottom and 20 at the top and then try starting with 0 at the top and 20 at the bottom.

### Thursday: Number 19

- Learn: all about the Number 19 (PDF)
- Activity: Ask an adult to hide the numbers to 20 around your room, house or garden. See if you can find all 20 and place them in order. You could ask someone to tell you a number to find. Can you remember what the number looks like and find it?
- Play: <https://www.education.com/game/number-demolition-11-20/>

### Friday: Number 20

- Learn: all about the Number 20 (PDF)
- Activity: Ask an adult to hide the numbers to 20 around your room, house or garden. See if you can find all 20 and place them in order. You could ask someone to tell you a number to find. Can you remember what the number looks like and find it?

### Daily Challenges

#### Monday

Learn to tie your shoe laces! If you can already do it, maybe teach someone else.

#### Tuesday

Make yourself smile listening to some funny children's poetry - search "Children's poetry read by authors" and find a poet you love. Write a poem of your own and record yourself reading it aloud. Look at this link for some simple ideas. <https://www.whatdowedoallday.com/poetrywriting-for-kids/>

#### Wednesday

Learn your home address and home phone number and discuss when and who you might share it with.

#### Thursday

Do some cooking and help with meal preparations such as making breakfast or sandwiches for lunch. Search "how to make a chef's hat from paper" if you want to look the part.

#### Friday

Use paints, coloured pens or pencils to produce portraits of your family. Use a mirror to draw a self-portrait – search "how to draw a portrait for children" for a guide. Copy a portrait by Pablo Picasso—there are lots on line. Find out about his life.

### PE

Continue to access the PE as last week via fitter futures or the Joe Wicks PE lessons on youtube.
