English (Reading, Writing and SPaG)

A note to parents: An **adverbial** is a phrase or clause that has been used like an adverb to add further information about the action in a sentence. Adverbials are used to explain **how (manner)**, **when (time)** or **where (place)** something happens. For example:

She was waiting **by the bus stop.**

The boy ran **as fast as he could.**

John went for a swim **every morning.**
