

**We are only going to set curriculum work over the next two weeks.**

### Curriculum Ideas

**D.T** – Follow the instructions attached to make your own Paper Strip Rollercoaster.

**Geography** – Visit websites of theme parks outside the U.K. Take virtual tours and analyse maps and plans of the different parks. Then can you locate where each of these theme parks are located on a map of the world.

Overseas theme parks to look at could include Disney World (Orlando, Florida), Efteling Park (Kaatsheuvel, Netherlands), Everland Resort (Yongin, South Korea), Dreamworld (Gold Coast Australia), Europa Park (Rust, Germany), Ocean Park (Hong Kong) and Six Flags Magic Mountain (Los Angeles, California).

**D.T** – Design your own fairground menu. Draw pictures of different foods available and research into the average cost of different fairground foods.

**Then ...** make some fairground food for everyone to enjoy. Follow instructions and recipes to make hot dogs in buns, crepes, popcorn, toffee apples, ice creams and candy floss. Take pictures of yourself enjoying your fairground treats and send pictures into us at school.

**Science/ICT** - Explore your home and the surrounding area to look for machines, toys and other objects that use cams, gears, levers and pulleys. Take photos and create a montage of all the different mechanisms found.

**Science** – Do you have a swing at home? Become a pendulum on your swings. Swing as high as possible and time how long it takes for you to slow down and stop completely. Time friends and family then identify patterns in your results. Do heavier people slow down more quickly?

**D.T** - Make a flipbook animation of a roller coaster ride that includes a loop the loop.
